METHODOLOGY

How this report was prepared

This report uses published Immigration, Refugees and Citizenship Canada study permit-holder data by designated learning institution and the year in which study permits became effective.

Historical totals, peer rankings, shares, annual changes, suppression counts, and analytical findings are derived from the same normalized records used by the interactive Study Permit Explorer.

Important note

Published totals may exclude suppressed values. Institution names are preserved from the official IRCC source and may identify campuses or locations separately.

ABOUT DATA EXPLORER

Public data, made easier to explore

Data Explorer is a collection of interactive tools that transform official public datasets into searchable charts, summaries, analytical reports, and downloadable documents.

The information presented in this report is derived from published source data. Charts, calculated values, and analytical highlights are generated automatically from normalized records while preserving the meaning of the original dataset.
